The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 19 and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is improper to use proper names in the claims.

## Claim Rejections - 35 USC § 103

- 1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
  - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.

1. Claims 5 and 6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hansen et al (6183038) in view of Clark (3015516) or Janz et al (4456644).

It would have been obvious to one having ordinary skill in the art at the time the invention was made to provide the armrest of Hansen et al (6183038) with a pad as taught by Clark (3015516) or Janz et al (4456644) since it is more comfortable.

Claims 11, 17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hansen et al in view of Emerling (5904002) .
